1) Read the introduction and answer the questions below.

Over the past few weeks, strict social distancing rules have grounded 40 million Californians to a halt. Cartoonist Adrienne Hedger is one of them. Together with her husband and their two teenage daughters, Adrienne is doing her part in fighting the coronavirus and staying at home. Naturally, the quarantine and all that comes with it have disrupted the flow of the family's everyday life. So, to make peace with these difficult times, the artist behind *Hedger Humor* is turning her experiences into comics.
